OBJECTIVE

Multidisciplinary Designer and Front-End Developer seeking a challenging position as an Interactive Creative Director to showcase my diverse skill set and enthusiasm for design in any medium.

EXPERIENCE

Perficient, Inc.

Creative Director :: October 2010 – Present

I have made an impact in the company by improving their visual design offerings to their clients. My experience includes projects for Washington University's School of Medicine, Union Bank, Afni and the complete Perficient face-lift in 2012.

I am the creative lead for our Experience Design team.

Paradowski Creative

Interactive Art Director/Web Developer :: August 1998 – October 2010

My background in architecture and design brought structure and creativity to our interactive team. I had 12 years of creative experience in print, environmental and web design with Paradowski. My experience includes projects for CitiMortgage, Monsanto, Nationstar Mortgage and AB Inbev.

I was the creative lead for our 8 member team, helping ensure that our creative product is the very best.

University Graphics and Publications

Graphic Designer :: May 1992 – August 1998

My first job out of college designing recruiting, marketing and special event materials for Southern Illinois Universities.

EDUCATION

Southern Illinois University, Edwardsville

BA, Graphic Design, Photography and Mathematics :: 1992

University of Illinois in Chicago

I studied Architecture and Urban Planning :: 1989

SPECIALTIES
